You can add a **'Prefix'** Icon to the **'For Sale'**, **'Trades, Gifts & Wants'**, and **'Cheers, Jeers & Review'** forums.

This Icon helps to define your threads purpose. The only difference from threads posted in other forums, is the addition of a **'Prefix'** Icon. The **'Prefix'** Icons are *'For Sale'*, *'Sold'*, *'Trade'*, *'Gift'*, *'Wanted'*, *'Cheer'*, *'Jeer'*, *'Review'*.

Start a Thread as normal, in one of these forums; **'For Sale'**, **'Trades, Gifts & Wants'**, or **'Cheers, Jeers & Review'**.

For the example below, in the **'For Sale'** forum, select the **'Start New Thread'** icon. Click on the **'Prefix'** line, a drop down displays all icons that can be displayed before your Title in that forum. Select the most appropriate Icon. Next enter the **'Thread Title'** then continue to enter your information in the **'Discussion'** field. Finally select the **'Start New Thread'** icon. You should see the thread posted as displayed below these images.

After the Item is **'Sold'** return to your original thread, choose **'Edit'** from the LH bottom of your thread. Change the Prefix Icon to **'Sold'** and **'Save'**
