3. After selecting the Tutorial Link, you'll be taken to the Tutorial page.
4. There, find a note, “**Click on this image below to begin download of PDF**” and an **Image** of the Tutorial.
5. Also on the right is a tab named “**Download**”.
6. To begin the download to your device, select the Tutorial **Image** or the “**Download**” tab.
7. You can select to display a tutorial that is a PDF in your browser or an Acrobat PDF viewer.

See that Tutorial on the **Library Index/Menu** “[View PDF files in a browser](#)”.

Many library documents often come in the PDF format and may pose a challenge especially when you have not installed a PDF Reader. Going online, Google PDF Viewer, for instance, can help open the document. There are a variety of ways, for example, using the Chrome PDF Viewer or the Firefox PDF Viewer can help you get what you need to be done. Google Drive PDF Viewer, i.e. PDF Viewer, Safari PDF Viewer are also helpful.
