4 Login and Registration Issues

4.1 Q - Why Can't I Register?

A = Emojis are a small graphical image, pictogram, logogram, or ideogram embedded in text and used in electronic messages and web pages. The primary function of these is to fill in emotional cues otherwise missing from typed conversation. 😊 They can be inserted by selecting an emoji or entering. `:smile:`

14.2 Q - What are Smilies?

A = Emojis began as **'Smilies'**. If you have used email or internet chat, you are likely familiar with the Smilie concept. For example, if you are telling a joke or being sarcastic you may wish to add a wink instead of writing 'this is a joke'. Before text messages could include images, Smilies were used. Try twisting your head on one side if you do not 😊 understand Smilies, using a bit of imagination should reveal a face of some description. These days, certain standard strings are automatically converted to an emoji 😊.

14.3 Q - How do I add Smilies?

A = Smilies can be accessed using the **Enhanced Editor (Default)**. When there are more threads to display than will fit on a single page, you may see the: **'View More'** or **'Next'** icon. This method of splitting lists of items over many pages is often used throughout the Site.

15.5 Q - What are New/Unread Threads or Posts?

A = **'Unread'** is the same as **'New'** or **'Recent Posts'**. These are threads or posts that you haven't read. At least not since something new has been added to the discussion. 16.4 Q – How do I Post in the Forums **'For Sale'**, **'Trades, Gifts & Wants'**, and **'Cheers Jeers & Review'**?

16.7 Q - What is an Old Thead Notice?

A = We see more than a few posts on very old threads. Not the best practice, but it often happens by accident when the poster doesn't see the date of the last post.

So, we've implemented an **'Old Thread Notice'** which appears when viewing a thread where the last post was more than **2 years old**. It looks like this:

16.8 Q - Why does my Post Need to be Approved?
